A MATTER OF TASTE

The people who appreciate our Soda Water most are particular people—those that can detect
the slightest deviation from goodness and purity.
It is these "finicky" people who are best pleased with our Soda—its flavor, its richness, its
perfection.
It is entirely "a matter of taste" with the people who say that our Soda is the best in town.

ALEXANDRA BUILDINGS.

by the newspaper man and by him re-echoed, are apt to lose in conscientious accuracy what they undoubtedly gain in expressiveness and force. American enterprise on this side of the Pacific is young yet. It seems to us full early to let it go forth that there is an actual "necessity of seeking other fields of usefulness." Indeed, it would not be a rash assertion if we ventured to suggest that the list of arrivals at Manila is probably as lengthy as the list of departures. Those who are described as having "failed dismally" were perhaps victims of that racial fever which has been characteristically summarised by Uncle Sam's citizens themselves as the "get-rich-quick itch." No doubt in the early days, before the "old resident" species—rare as it is in the Philippines—had had time to evolve, returns were quicker and profits on a more generous scale. Similar beginnings and like endings have been noticed in China. There is, of course, a big difference between our methods in this colony, and in the various Chinese settlements, and the American methods of treating the indigenous community in theirs; and we must be pardoned for preferring our own. It is not yet five years ago since the pots of Luzon were thrown open to trade. None of our merchant princes expected or managed to get rich so quickly as these despondent and departing men of Manila. It is, moreover, a fact by no means hostile to our argument that there should be so many British firms, some old established, in the Philippines, none of whom seem to have recognised "the necessity of seeking other fields of usefulness." Also, despite a corrective comment directed at us recently by one of our sprightly contemporaries, we are still unable to read into the trade statistics of the last three years any proof that things insular are so bad as they are made out to be. A continuance of railway enterprise, with as cheap freights as can possibly be arranged, ought to make the outlook very much brighter for our neighbours. We have already hinted at the virtue of a little patience. We cannot conclude more appropriately than by quoting, from the same journal whence we took the pessimistic news already cited, these words. They were used in connection with quite another subject, but they apply equally well to this. "The days of the empire are gone; the day of the cit and assertive ignorance, of merchants who submit to blackmail, of honesty and accomplishment, not the 'etheral stuffing of the balloon nor the 'frantic endeavor to pull oneself up by one's bootstraps."

Saturday's plague return was also without any case to record.

Sham Shui Po, Chinese Cemetery, was passed as "sufficient and proper" on the 17th inst.

The P. M. S. S. Co's s.s. *Siberia* which sailed hence July 21st arrived at San Francisco on the 18th inst.

The Afforestation Department has published a set of rules relating to charcoal burning in the New Territory.

No dog brought from Shanghai will be permitted to land at Hongkong for a further period of six months from the 13th August.

The ordinary half-yearly meeting of shareholders in the Hongkong and Whampoa Dock Co. will be held to-day at noon.

"Harlech Road," running from Victoria Gap along the south shoulder of the Peak and the north shoulder of High West, is now an open, public road.

In Kobe, Mrs. Tomoe's claim to have a provisional attachment on her property cancelled was dismissed. As we have already reported, the origin of the action was a debt of Frank Tomoe's, lately of Hongkong.

The next transfer day (Licensing Sessions) is fixed for the 30th instant. Two applications are notified—Criterion Hotel, transfer from Anne Melhuish to George Green, and Louis Comar's application for licence to sell and retail under the sign of "The Main Hotel," No. 61, Des Vaux Road.

In the past year the Tokyo stage has suffered the loss of no less than three celebrated actors. A year ago the great Danjuro died, and he was followed by Onoe Kikugoro. The death is now announced of Ichikawa Sadanji, who has been a principal actor of Japanese plays for thirty years. Ichikawa Sadanji was sixty-three years of age.

Here is the programme of music to be performed by the band of the 110th Mahatma Light Infantry on the New Parade Ground, this (Monday) evening:—
March, "Triumphal" Robinson
Selection, "The Belle of New York" Kerker
Song, "The Light of the World" Adams
Selection, "The Shop Girl" Caryll
Valse, "Cacere Amie" Maggrave
Selection, "Scotch Medley" Cavallini
Dance, "Hungarian" Erabin

"Gentlemen of the jury, it is a pity that a sickening flirtation between jurors and defendant in a criminal case has the power in this Court to defeat the ends of justice." In these words, the *New York Times* reports, Judge Taylor, of the Circuit Court at St. Louis, rebuked the jury who acquitted a woman charged with robbery. The Judge declared himself "sickened and disgusted" with the flirtation which had occurred during the hearing of the case, and hoped none of the jurymen would ever sit in his Court again.

The tramway question that has recently been referred by the Kobe City Assembly to a Committee is complicated by the fact that the Municipality is considering the question of municipal tramways for Kobe. The Hanjin Electric Railway, which is constructing a line from Osaka to Kobe, seeks for powers to pass through the Settlement in order to reach the American Hatoba from the east, while those in favour of the City tramways appear to think that the City limits ought to be kept free from the incursion of a private company. It seems probable, however, says the *Kobe Chronicle*, that the application of the Hanjin Railway will be approved in a modified form.

GOVERNMENT APPOINTMENTS.

The Government Gazette contains these two notifications: His Excellency the Governor has been pleased with the approval of the Secretary of State for the Colonies, to appoint Arathoon Seth to be Registrar of the Supreme Court, Official Administrator, Official Trustee and Registrar of Companies, in succession to James William Norton Kythe, retired, with effect from the 19th of May inclusive, and also John Horsford Kemp to be Deputy Registrar and Appraiser in succession to Arathoon Seth, with effect from 1st August.

With reference to Government Notification No. 3 of 1903, it is hereby notified that His Excellency the Governor has been pleased to appoint Major C. L. Josling, R.A.M.C., to be a member of the Sanitary Board, instead of Major C. S. Spinks, whose appointment was previously notified, during the absence of Colonel W. E. Webb, R.A.M.C.

WARSHIP MOVEMENTS.

H.M.S. *Sirius*, 2nd-class cruiser, arrived from Singapore early yesterday morning, having been relieved on that station by H.M.S. *Esquimaux*, 2nd-class cruiser, which left Hongkong some ten days ago. The *Esquimaux* will remain at Singapore till relieved by the *Adriatic*, which is coming out from home. The *Adriatic* is a twin-screw 2nd-class cruiser of 4,300 tons; 7,000 i.h.p. She was built at the works of the London and Glasgow Shipbuilding Co., of Glasgow, in 1883. The *Terrible*, 1st-class cruiser, left for Weihaiwei, with reliefs, at 5 p.m. on Saturday. The *Humber*, storeship, is momentarily expected from the north, with some 60 Russian naval refugees. Arrangements have been made to receive these men on the receiving-ship *Tanar*. It is understood that the officer of the *Riesstellini*, who wrestled with the Japanese lieutenant and subsequently fell into the water, is amongst the number who will arrive here.

THE ARRIVAL OF THE "GAELIC."

Some anxiety was beginning to be felt locally on Friday regarding the *Gaelic*, which had not arrived, though due on Tuesday or Wednesday morning. Fears were entertained that she had been molested by the remnant of the Russian fleet, but speculation was set at rest on Saturday morning when the vessel steamed into the harbour and Captain Finch reported the cause of the delay to have been a typhoon.

The *Gaelic* left Shanghai at 10.30 a.m. on the 13th, and when nearing the Heishans on the 15th the barometer was noticed to be rapidly falling. The following day a strong gale was experienced, the wind rising to hurricane force with terrific squalls both of wind and rain. The wind had been backing from E.S.E. to E. and N.E. At 4 a.m. on the 17th it fell calm, the barometer reaching its lowest reading, which was 28.02. The ship was in the centre of the storm. An hour later the wind began blowing with terrific force from the west, the sea becoming "tremendously high, confused and dangerous." At 10 a.m. the sky began to clear, and the conditions rapidly changed for the better.

The *Gaelic* had between twenty and thirty European passengers on board, and, needless to say, they have no wish to repeat the experience. It speaks well for the captain and his officers that the ship sustained no damage. The *Gaelic* brought Yen 200,000 in Japanese gold from Yokohama.

DIDDLING THE RUSSIAN PRIZE COURT.

A Tokyo despatch explains the circumstances in which the British steamer *Samara*, under charter to the Hokkaido Colliery and Railway Company, was released by the Vladivostok squadron on July 20th off Yesan Point, near Hakodate. Immediately the *Samara* was stopped by the Russians, her captain consigned to the fire the charter certificate of the Japanese Government and other important papers, and in consequence the Russian officers who boarded the steamer could not secure evidence that the steamer was under any charter to a Japanese company. The Russians were thus obliged to release the *Samara*. The Hokkaido Colliery and Railway Company applied, the *Kobe Chronicle* says, for a new certificate for the steamer. But for the resourcefulness of the captain, one more prize would have fallen into the hands of the Russians.

THE WAR.

[JAPANESE OFFICIAL DESPATCH.]

"NOVIK" SUNK.

Tokyo, 21st August.

The *Novik* en route to Vladivostok was sunk by our cruisers at Korsakoff, Saghalien, to-day.

Details are not yet reported.

[REUTER'S SERVICE.]

BRITISH AND AMERICAN PROTESTS.

LONDON, 18th August.

Reuter's St. Petersburg correspondent wires: it is understood that Russia's reply will recognise the validity of the British-American views, differentiating between conditional and absolute contraband. The specific cases of seizure, of which Great Britain complains, will probably be reserved for consideration.

RUSSIAN SEARCH FOR CONTRABAND.

LONDON, 18th August.

Another collier for Marseilles has been stopped by the Russian cruiser *Ural* (which is searching for steamers carrying contraband for transshipment at Mediterranean ports). This interference with purely local traffic has redoubled the indignation against the Russian proceedings, and the papers are giving very strong articles on the subject.

THE BALTIC SQUADRON.

LONDON, 19th August.

The Baltic squadron, composed of eleven ships, left Libau on the 15th instant, accompanied by several colliers and two floating docks for repairs at sea. Admiral Rozhdestvensky, in command, starts on the 3rd prox.

GERMAN EXPERTS COMMISERATE KUROPATKIN.

LONDON, 19th August.

Military experts in Germany take an extremely pessimistic view of General Kuropatkin's prospects, which views are shared by the army organ, *Militar-Wochenblatt*.

JAPAN RETAINS THE "RIESSTELINI."

LONDON, 19th August.

The *Morning Post* states that Japan's answer to Russia's protest re the seizure of the *Riesstellini* was yesterday communicated to Great Britain and the United States. Japan refuses to surrender the destroyer, and justifies the seizure, declaring that the ship had recoiled in readiness to escape. The answer recapitulates Russia's violations of China's neutrality, including the wireless telegraphy at Chefoo.

THE "AGINCOURT."

Mr. Newman Mumford, Lloyd's Surveyor at Hongkong, who a few days ago went down to the wreck of the s.s. *Agincourt*—lying stranded on Hainan Island in the Douglas s.s. *Hailong*, with 30 members of the Hongkong & Whampoa Dock Co.'s staff, has returned to Hongkong with the others. The *Agincourt*, on the 1st inst. while on a voyage from Nagasaki to Calcutta in ballast, encountered a typhoon and was driven ashore inside Pig's Head Point, Hainan Island. She was piled up with her starboard broadside to the beach, subsequently becoming rather deeply imbedded in the sand from stem to stern. The *Hailong* arrived at Chue-tau Anchorage (a small bay south of Hainan Island) on the 17th inst., and the party proceeded to strip the *Agincourt* of all movable fittings, such as compasses, wire reels, steam piping, etc., which were transhipped to the *Hailong* by means of life-boats. Owing to a high south-easterly swell and heavy surf the men experienced considerable difficulty. On three occasions life-boats were washed high and dry on the beach. Capt. T. H. Worsnop, of the *Agincourt*, applied to the Yamen for protection from a possible attack of would-be looters. The Mandarin sent half a dozen soldiers and two officers. The captain, third officer and engineers of the *Agincourt* came to Hongkong by the *Hailong*. The chief and second officers and crew sailed in a junk for Hoihow about a fortnight ago, and have not been heard of since.

The *Agincourt* has some 600 tons of bunker coal aboard. She was built at Howdon, Newcastle-on-Tyne, by the Northumberland Shipbuilding Co., at a cost of £250,000, last year. Her registered tonnage was 2,769. At present she is lying starboard broadside to the beach. Her stem is five feet in the sand and her stern three feet. There is thirteen feet of water in the No. 1 and 2 holds. The bottom is not very badly damaged, though there is a hole in No. 1 hold. Mr. Mumford did not visit the s.s. *Baron Gordon*, lying intact on a ledge of coral at Bowlay Shoal.

LOCAL SPORT.

V.R.C. AQUATICS.

Huddicappara—Messrs. Meek, Hancock, Anstee, Starters—Messrs. Caldwell and Meek. Judges—Messrs. Chapman and Mitchell. Timekeeper—Mr. E. M. Hazland. Victoria Recreation Club held a swimming fête on Saturday afternoon. The weather was beautiful. There were a large number of spectators, the temporary stand in front of the Club matched being to a great extent occupied by ladies, whose summer garb brightened the scene. The arrangements were good. Besides the regular performance a few of the members gave exhibitions of high diving. Some amusement was caused between events by swimmers being shored in the water. The V. R. C. premises looked very gay, decorated, as they were, by strings of lighting. Mrs. Caldwell, wife of Mr. G. A. Caldwell of the Dock Co., gave away the prizes. The various competitions went off without a hitch. They were as follows:—

Two lengths. 4 p.m.—A handicap. Two prizes. Only firsts of heats to swim in final.

A. J. V. Rebeiro, 9 s. A. V. Barros, 8 s.
R. Lapsley, 15 s. J. Wicheh, 14 s.
F. Ellis won the first heat, just by a touch, in 56 secs. A. Loureiro was second. C. Humphreys carried the second heat easily in 43 secs.; ahead of J. W. Bains, who was second. P. M. Remedios beat L. E. Lammer without difficulty in Heat 3, completing the distance in 44 secs. In the other heat F. P. Musso came in first, but as he started a second ahead of time a dead heat was given to Musso and A. V. Barros; the time was 48 seconds. The final was won by A. V. Barros, with P. M. Remedios second. F. Ellis gave up early in the race. C. Humphreys also stopped when he saw that he was beaten.

Time: 40 secs.
DIVING FOR PLATES.
Two prizes. Entries: R. C. Wicheh, J. E. Ellis, F. M. Roza Pereira, E. Humphreys, J. Wicheh, J. H. R. Hance, N. H. Alves, A. J. V. Rebeiro, A. Loureiro, O. F. Ozorio, W. T. Andrews and C. J. Cooke.

At first there was a false start. R. Wicheh and J. Hance, however, were right under water before the recall was given; and when they came to the surface each had a plate which had to be thrown back into the water. Wicheh's plate, by the way, remained on the surface. When a proper start was made C. J. Cooke arrived home with a plate first; F. M. Roza Pereira second.

HURDLE RACE.
Two lengths. Competitors to go over four floating poles each way. Two prizes. The starters were:—
F. Ellis "Go"
L. E. Lammer, 5 s. 5 s.
J. W. Bains, 7 s. 7 s.
J. H. R. Hance, 8 s. 8 s.
A. J. V. Rebeiro, 9 s. 9 s.
E. Humphreys, 9 s. 9 s.
R. C. Wicheh, 15 s. 15 s.
N. H. Alves, 15 s. 15 s.

Bad handicapping spoilt this event, the scratch men being altogether out of it—as the result shows. L. E. Lammer was first; F. Ellis second.

Time: 51 1/2 secs.
BOYS' RACE.
Boys nine to 14 years. A 2-length handicap. Sons and brothers of members only. Two prizes. The starters were:—

Albert Ellis "Go"
Arthur Ellis, 5 s. 5 s.
William Musket, 12 s. 12 s.
George Wicheh, 14 s. 14 s.
A very good race. Little Willie Musket, in spite of his big handicap, came in second. Arthur Ellis was first.

Time: 1 min. 13 secs.
TEAM RACE.
Four teams:
C. J. Cooke (Capt.) R. C. Wicheh (Capt.)
R. Lapsley J. Humphreys
W. G. Goggin J. M. Roza Pereira
F. M. Roza Pereira O. R. Chunnatt
W. T. Andrews C. F. Ozorio
G. B. Macdonald H. C. Anstee
F. Ellis J. E. Ellis

J. Wicheh (Capt.) N. H. Alves (Capt.)
A. V. Barros A. J. V. Rebeiro
H. A. Lammer A. Loureiro
J. A. S. Alves C. M. S. Alves
J. M. Brito F. P. Long
P. P. Musso E. Humphreys
L. E. Lammer P. M. Dos Remedios

The team race was interesting, but, as a swimming exhibition, it was rather indifferent. N. H. Alves' team was first; J. Wicheh's team second.

WATER POLO.
White s. Blue. The teams were:—
White. Blue.
R. C. Wicheh (Capt.) J. Wicheh (Capt.)
C. Humphreys C. J. Cooke
A. Loureiro A. V. Barros
A. J. V. Rebeiro H. A. Lammer
J. M. Roza Pereira J. H. R. Hance
E. Humphreys C. M. S. Alves
F. M. Roza Pereira (goal) L. E. Lammer (goal)

Shortly after the commencement Cooke fouled Loureiro. After some pretty ball shooting Barros passed to Alves, who made a weak shot. L. Lammer stopped a good shot by Loureiro. J. Wicheh, with one of his back-handers, for which he is renowned, made a crooked shot, giving a corner to the Whites. Cooke sent in a swift one, but the ball, rebounding off the surface of the water, struck the cross-bar. J. Wicheh passed to Barros, who scored an easy goal. H. Lammer shot long right into the keeper's hands. A foul was given against Rebeiro for ducking Alves in front of the goal. Half-time was then announced.

Half-time: Blue, 1; White, 0.
On the restart Cooke was first to the ball; he passed back to the Blues. A little later it was

thrown forward to Jim Wicheh, who banged it against the post. Rebeiro shot a goal for White. Alves shot with force, but Pereira, by raising his hand, saved well. Alves ducked Rebeiro, depriving him of the ball. Cooke shot feebly. Barros, from the centre, passed to Wicheh on the left wing, the latter scoring a good goal with a stinging shot. Four men shot at the respective goals practically in succession. They were Cooke, E. Humphreys, H. Lammer, and J. Wicheh. Spectators' repeated exclamations demonstrated that the game was an exciting one.

Result: Blue, 2; White, 1.

AN IGNOBLE RUSSIAN NOBLE.

A German account of the reasons for the recall from Manchuria, of Prince Boris, reads as follows: "Further particulars of the circumstances in which Grand Duke Boris was ordered home by the Tsar, on complaint of General Kuropatkin, say that Boris arrived at Mukden with a suite filling four railroad cars, and including seven handsome girls from St. Petersburg theatres, with maids, vast piles of luggage, a chef and assistants, and a quantity of timed delicacies. Boris proceeded to demolish the entire garrison. He had parties which became indescribable orgies, treated everybody with insolent disdain, and drew his sword on Kuropatkin when the General sent for him and ordered him to dismiss his suite, mend his conduct, and conform to ordinary discipline. Kuropatkin was only restrained by his aide-de-camp from replying to this insult by cutting Boris down, but contented himself with telegraphing to the Tsar requesting that Boris be at once recalled. The Tsar thereupon, telegraphed Boris to leave Mukden on the next train, accompanied by one servant, and report himself as under arrest to Grand Duke Sergius, Governor of Moscow. Boris, among other escapades, issued a proclamation offering a reward for the capture of handsome Japanese girls, who were reported following the Japanese General Staff. On one occasion a beautiful Caucasian was worshipped as Venus by Boris, his other ladies and officer friends; and an impudent message was sent by him to Kuropatkin inviting him to forsake the God of War for the Goddess of Love. Boris departed crestfallen. His harem was sent away on a troop train."

"INTELLIGENT ANTICIPATION" IN JAPAN.

Some of the Japanese newspapers are determined to be in time in announcing the news of the fall of Port Arthur, which they seem to regard as imminent. It appears that quite a number of journals have "extras" announcing the great event already printed, so that no time shall be lost when the news arrives. In consequence two or three amusing incidents have occurred. A local vernacular journal which had taken this method of being first in the field sent to an agent at Suma copies of the "extra" all ready for distribution as soon as a telephone message was sent. Unhappily the agent misunderstood his instructions and began to deliver the "extra" as soon as it arrived, which was on Sunday last. He discovered his mistake before he had completed distribution, and then went round to the subscribers and asked for the return of the premature announcement in order that it could be born again when the proper time came. A similar mishap occurred in Tokyo, where a newspaper had its agents supplied with an "extra" printed in red for distribution as soon as the news was received, and of course with the result that one agent, not understanding his instructions properly, distributed at once, many villages in the neighbourhood of Tokyo being befuddled and decorated in consequence. The result of all these preparations will be that when the news, actually does arrive it will be received with some doubt until the publication of the official report sets the matter at rest.—*Kobe Chronicle*.

THUMB WHEEL IDENTITY.

The identification of criminals by means of finger impressions has long since been adopted in the Straits, but we are apt to look upon the idea as a modern European detective device. As a matter of fact they were in common use in Korea 1,200 years ago. The Rev. Mr. Collier, a former missionary in Korea, stated recently in an address to the Anthropological Society that he had been able to trace back the use of finger and thumb impressions in the deeds for the sale of female slaves for 1,200 years. The slave was required to place her hand upon the sheet of paper on which the deed was written, and the outline of the fingers and thumb was traced, after which an ink impression of each of the fingers was taken. It has been stated that out of millions of thumb impressions no two are exactly alike, so that the old Korean practice has much to recommend it. Probably they had more time at their disposal in ancient days, but the fact that they took these impressions at all is an exemplification of the saying that there is nothing new under the sun.—*Penny Gazette*.

WEATHER REPORT.

The Hongkong Observatory yesterday issued the following report:—
On the 21st at 11.23 a.m. The barometer has risen throughout China and Japan but more particularly in S.W. Japan; in the Philippines it is stationary.
The greatest pressure is now found in the extreme north and the least in the Pacific, to the east of Luzon.
The typhoon has passed very rapidly northward following the track of the previous one, along the west coast of Coar.
Gradients are moderate upon the coast and moderate N.E. winds may be expected in the Formosa Channel and the northern part of the China Sea.
Forecast:—Moderate E. to N.E. winds, fine.

HONGKONG JOTTINGS.

The report and accounts of the Hongkong Gas Company for that year of dismal darkness (1903), are truly illuminating. The accounts show a profit-balance of £13,761, which is about £2,500 larger than the profit balance of the previous year. The balance brought forward from the last account was £12,267, which was more than sufficient to pay 10 per cent. dividend. The Directors thus had a total profit of £21,134 to deal with! After declaring a 10 per cent. dividend and a bonus of 1 per cent., and adding £1,000 to reserve fund to meet fluctuations in exchange, and £1,000 to the general reserve fund (which now stands at £23,109), a balance of £7,925 is carried forward to next account. The gas consumer, remembering his experiences of last year, his visitings with the representatives of the gas company, and how often he was compelled to lie himself to bed because he had not sufficient gas light to read by or otherwise occupy his leisure, will read these figures with wonderment. He will remember his undiminished bills, his indignation protests and the non-possessive reply that "the charge was strictly in accordance with the consumption registered by the meter." He will recollect the suggestion that the meters must have registered air passing through the pipes; and then, thankful that a definite period has been set to the past in this respect, he will ask whether it is not about time that the Company reduced the present exorbitant price of gas. "The business," the report says, "continues to be of a progressive character," and so evidently are the profits. It is not then too much to ask that the charge to the consumer shall be fixed at something less than \$3.50 per thousand feet. Think for contrast, of elevenpence per thousand as a rate that pays at home!

"What for you write story European man Esquire?" asked a Chinese recently of his teacher who was instructing him how to address letters to customers. The teacher was possessed of a pretty wit. "Esquire," he replied, "is a title of dignity, ranking below that of knight, and belongs by right to the eldest sons of knights and to the younger sons of peers and to their eldest sons in perpetual succession. The title carries no emoluments from the State, hence these poor gentlemen of this have come to seek fame and fortune in the gorgeous east; and as all cannot be taipans some have to be junior clerks and others artisans. An Esquire will usually live up to the dignity of the title and pay his dues regularly." The pupil being apt took the hint. Verily the closing sentence of the reply sheds a new light on a practice generally regarded as purely nobilish. It is when one learns that this prodigal use of the title is really American in its origin that one becomes reconciled to the belief that it is a sign of the democratisation rather than of the snobbishness of the times. In the United States the title is "very commonly given to every man as a mark of respect, especially in the address of a letter." In some British Consular districts in the Far East that I wrote of, the man who was officially addressed as Esquire used to pay as a registration fee twice the amount paid by the man who was officially addressed as "Mr." Now the patrician pays the same fee as the plebeian—and all are "esquires."

Appropos of the numerous complaints at present appearing in the local press re the shortcomings of the Post Office, the following variations experience recently came to my notice. A resident in the Colony went to the stamp counter and asked for twelve-cent stamps, for which he tendered five ten-cent pieces (Hongkong currency). A Chinese official declined this legal tender, and asked for a note! I fancy that this sort of thing only needs to be brought under official notice to be put right for the future.

The treat given by His Excellency the Governor to some of the European children of the Colony suggests the reflection that children whose fate it is to be brought up on this "tight little island" miss a great many of those pleasures which their parents associate with childhood's happy days—the many school treats, the gambles in the meadows or by the seashore. How little has been done for the children in Hongkong! Not even a small patch of green sward has been reserved for them, nor, within walking distance, a bit of sandy beach where they may frolic and grow! They have to be thankful that they are allowed to gambol on the paths of the Public Gardens under the vigilant eyes of the "peck-keepers." Kowloon children will be more fortunate, I suppose, when the King's Park is ready—but that can hardly be regarded as a prospective pleasure for the present generation of Kowloon children. I have no idea of the number of European children in the Colony under the age of twelve, but it is safe to say that the children entertained at Mountain Lodge on Wednesday form but a small fraction of the number, and this fact alone serves to draw attention to the need of some centrally situated recreation ground for young children on the island. It is a matter which, in the interests of the juvenile European population, might well engage the serious attention of the Government. Bilingual specimens with Latin labels do not appeal to the little folk as do a few swings.

That tract of wasteland at the junction of Kennedy Street and Lung On Street appears to continue to be the dumping ground for all sorts of undesirable matter. The other day the dead body of an infant child was found on the tract, and numerous carcasses both human and animal, have been discovered there. Yet the Government, a short time ago, refused to allow neighbouring proprietors to acquire this waste land at a reasonable rate, though his object was to make it into a garden so as to help to beautify the environment.

Several complaints respecting the new tram service have been published in the papers, but there is one matter of complaint very generally mentioned in conversation which has not, I think, been touched upon in the letters to the newspapers. It concerns the first-class accommodation in the cars. The seats which on the ran east are labelled third-class, and are occupied perhaps by a crowd of coolies whose garments and personal habits are not of the cleanest, are on the run west labelled "first class," and Europeans are expected to take the seats which the aforesaid third-class passengers have just vacated. Why, while the proprietors were about it, did they not provide turntables at the terminal points of the line so that the first-class seats might be reserved as such whether the cars are running east or west? Or else why trouble to change the labels at all?

BANYAN.

KOWLOON POINT.

Improvements at the extremity of the Kowloon Peninsula are being developed by the Hongkong & Kowloon Wharf & Godown Co., Ltd., the "Star" Ferry Co., Ltd.; and the Hongkong Land Reclamation Co., Ltd. The Hongkong & Kowloon Wharf & Godown Co. are at present building, or about to build a new two-story godown—150 ft. by 75 ft.—for hazardous goods, in their timber yard. There will be another, also for hazardous goods, in the coal yard on Marine Lot No. 9, near the Police Wharf. On the completion of the new 100-ft. road involving the demolition of Godown No. 25 and a part of Godown No. 26—the portions of Clatter Road and Elgin Road, lying between the Company's godowns, will be utilised for rough storage—that is for the storage of timber, old iron, etc. That part of the waterfront, or Praya, lying between No. 1 Godown and the new ferry wharf will also be employed for such temporary deposit of stuff that does not easily corrupt—always, of course, keeping a thoroughfare clear in the centre for the transportation of goods to and from the respective godowns. Godowns No. 9, 21, 22 and 23, recently demolished by fire, are being rebuilt. New No. 9 will be a two-story affair, requiring new and more solid foundations, while the other three will be single-story erections as before. A new carpenter's shop, engine shop store, etc., a one-story building, will be built in the timber yard, at the back of the Elgin Road block of houses. Later on—next year, perhaps—Godowns Nos. 4 and 5 will be converted from one to two-story buildings. There is an ever-increasing demand for space; and property at Kowloon, especially near the Point, is rapidly increasing in value.

When the new "Star" Ferry Wharf is built at Kowloon the present one will be used by the Godown Co. as a landing place for launches. The "Star" Ferry Co. are at present receiving tenders for the construction of the new wharves on either side of the harbour. It is understood that Messrs. Long, Cheong, Lim Tai and others have sent in estimates. All going well, work ought to commence in about a month's time. On the Hongkong side of the water, wing wharves, with a space between for the ferryboats—as described recently in the Daily Press—will be built on either side of the existing wharf, which, of course, will be replanked and repaired.

The Land Investment Co. have very nearly completed their new reclamation work immediately east of the Godown Co.'s premises. They are about to reclaim another piece of harbour to the east of Blackhead's Pier. The great idea regarding the reclaimed area is that it is to be the terminus of the long-hoped-for railway; and shade and godowns will one day be built thereon for that purpose. Perhaps the Reclamation Co. may build a shed or two and sell them to the Godown Co. A new wharf may be built on that side of the Praya—that is, if the authorities allow it. Now that Hongkong is becoming more of a shipping (as distinct from trans-shipping) centre, more wharves will be necessary. Lighters are economical only for shifting cargo from one steamer to another.

POLICE COURT.

Saturday, 20th August.

BEFORE MR. H. H. J. GOMPERTZ (ACTING POLICE MAGISTRATE).

A YEAR OLD CHARGE.

On the 30th August last year a boy, in the employ of Sanitary Inspector Duncan, stole money and jewellery from his master to the value of \$200, besides a draft for £40 on the Hongkong & Shanghai Bank. A man, arrested by Detective Marison, alleged to be the offender, was charged with absconding, and also leaving his employment without notice.

The case was remanded.

BEFORE MR. J. H. KEMP (SECOND POLICE MAGISTRATE).

CRUELTY TO A PIG.

A man charged with ill-treating a pig with a bamboo pole was fined \$10.

ONE OF THREE CHARGES.

Wong Chin, accountant of No. 121, Hollywood Road West, a Chinese emigrant board-house—one of the three men charged with unlawfully, by force, detaining three men for purposes of emigration on the 14th to 16th inst., and with manslaughter—was charged on remand with failing to register a proposed emigrant, and failing to bring him before the Harbour Master for examination. Mr. E. R. Hallifax, deputy superintendent of police, said that the emigrant in question was not brought before the Harbour Master, but a return, nevertheless, was sent in bearing his name. The man who really went before the authorities was another—a minor who was returned.

The case was remanded.

HONGKONG AND SHANGHAI BANKING CORPORATION.

HALF-YEARLY MEETING.

The seventy-eighth ordinary half-yearly meeting of the Hongkong and Shanghai Banking Corporation was held at the City Hall on Saturday midday.

Mr. A. J. Raymond presided. There were also present: Messrs. H. E. Tomkins, Hon. W. J. Gresson, E. Goetz, A. Haupt, H. Schubart, E. Sheelin, Hon. R. Shawan, N. A. Siebs, E. S. Wheeler (directors), J. R. M. Smith, (chief manager), Hon. G. Stewart, H. N. Moly, E. F. Bond, D. D. Gazdar, J. C. Peter, W. A. Cruickshank, C. W. May, G. H. Medhurst, J. A. Jupp, C. G. Gonsalves, G. H. Potts, G. Murray-Bain, J. R. Michael, J. V. Chinn, A. R. Lowe, T. F. Hough, E. Kelly, E. S. Kadoorie, A. G. Wood, J. J. Leiria, J. Foreman, W. H. Gaskill, W. Lysaught, L. Berindesque, M. H. Michael and others.

The SECRETARY read the notice convening the meeting, and the CHAIRMAN read the report for 1904.

The CHAIRMAN then said—Gentlemen,—From the report that I have just read and which has been in your hands for some time you will see that your directors have the pleasure to record another satisfactory half year's working. Besides providing for the usual dividend of 30/- per share we are able to recommend adding 5/- to the Silver Reserve Fund, and writing 2/- to the Bank Premises account; this leaves \$1,492,554.31 to be carried forward to next half year, or about \$75,000 in excess of the amount carried forward last time. Looking at the balance sheet there is nothing which calls for special comment apart from the ordinary fluctuations to be expected in dealing with such large totals, but as customary I will briefly compare some of the items with the figures in last report. Current accounts and F. Deposits in Gold show a slight falling off, while in Silver accounts there is a small increase. Bills Payable are down (in round figures) \$5,000,000. As usual our note circulation is lower than in the December half year, but it is \$1,775,194 over the corresponding period last year. On the other side cash is \$4,000,000 higher, and Bullion in hand and in transit is less by \$3,300,000. Sterling Reserve Fund Securities remain unchanged, but Consols Colonial and other Securities are reduced \$2,000,000, while our holdings of Indian Government Rupee paper are practically the same. Bills discounted, Loans and Credits stand at \$87,146,290.84 against \$89,900,177.72, and Bills Receivable at \$98,852,943.49 against \$101,142,859.03. I am glad to say that our Branches all round have been able to show profitable results for the period under review.

In China, where we are more immediately interested, we are passing through a time of depression in trade generally. There has been a falling off in imports owing to the war, especially as regards staples; this applies more particularly to the Northern markets, but according to recent advices a considerable business has been done there in cotton goods for spring delivery, which points to returning confidence on the part of the native dealers. The Silk crop both in the north and south has been a comparatively small one, and the quality in some districts has not been quite up to the mark. This is doubtless due in large measure to unfavourable weather, but it is to be hoped that the Chinese will become more and more alive to the importance not only of maintaining but also of taking steps to improve the quality and increase the export of this valuable product, which is such a powerful factor in the foreign trade and finances of their country. As you are aware we took part in bringing out a new Japanese Government Loan for \$10,000,000 last May. The Loan was issued in London and New York simultaneously and proved a great success. I may also here remark, though it does not come into the accounts now before you, that on behalf of the British and Chinese Corporation, we brought out last month a first issue of £2,250,000 part of a Loan for \$3,250,000 by the Imperial Chinese Railways—Shanghai-Nanking Line—bearing interest at 5 per cent. per annum and carrying 20 per cent. surplus profits sharing certificates. The Loan was fully underwritten, and though the public were rather lukewarm in their support I am sure general satisfaction will be felt at this long-talked-of undertaking being at last fairly launched (applause). I trust it will be followed up by other similar enterprises and lead to their receiving wider and more general support both at home and in China. Let us hope the next will be the Canton-Kowloon Line (applause). Again it is unfortunately necessary for me to refer to politics, when we last met, just after the outbreak of the present war. I assured you that the management was fully alive to the gravity of the situation. Since then the outlook can hardly be said to have greatly improved, indeed more than once it has assumed an aspect threatening further serious complications. This has naturally given cause for some anxiety; not that the Bank runs any special risk, but the fact must be obvious that whatever is calculated adversely to affect general trade must also in the long run affect adversely the prospect of all financial institutions depending upon it. Happily the most threatening of these storm clouds have blown over, but the uncertainty still prevailing as to the binding force of those rules of International Law which regulates theoretically the treatment of neutral ships by belligerents is creating a partial paralysis of enterprise and inflicting much loss and damage over the whole Far East. We can only hope that this unhappy state of affairs will be removed by an unanimous pronouncement on this and all similar doubtful outstanding questions on the part of the great Commercial Powers, and that the efforts which are being made to confine the struggle within its present limitations will continue to be successful.

ful. In conclusion it gives me pleasure again to acknowledge the good services of our staff, to whom you are indebted for the continued favourable reports which your directors have the satisfaction of placing before you. If any shareholder desires any further information, I will be pleased to answer any questions.

There being no questions, the CHAIRMAN proposed the adoption of the report and statement of accounts.

Mr. CRUICKSHANK—I have much pleasure in seconding the adoption of the report and accounts as proposed by the chairman, and in view of the remarks which have fallen from him as to the anxious period which the bank has gone through in the past six months, I think that shareholders have great cause for congratulation in the satisfactory accounts we are now asked to pass. In spite of war, rumours of war, and depression of trade, the bank has more than maintained its splendid position and earnings, and our thanks are due to the able management which has made such a result possible. We see the dark shadow which has hung over China for so many years is forcibly removed by the searchlight of Japanese activity, we can look forward to better times, and an increase of prosperity in which the Hongkong and Shanghai Bank will participate. (Applause).

The motion was carried unanimously.

Mr. MEDHURST proposed the confirmation of the election of Mr. A. Haupt, Hon. W. J. Gresson and Hon. R. Shawan to the Board of Directors.

Mr. JUPP seconded, and it was carried.

Mr. BOND, of Canton,—Before the meeting closes I should like to take the opportunity of offering the Board of Directors, the Chief Manager, and the staff our thanks for the manner in which they have administered the affairs of the bank. I am sure that it is very gratifying to every shareholder to see the great regularity with which the business is conducted. Every shareholder receives the same dividend each half year, and he also finds the position of the bank considerably improved. I therefore, offer our best thanks to the Board of Directors, the Chief Manager, and the staff. (Applause).

The CHAIRMAN, having suitably acknowledged these compliments, closed the meeting.

THE PHILIPPINE GOLD STANDARD.

AFTER ONE YEAR'S WORKING.

The Secretary of Finance and Justice has given out the following statement in relation to currency movements for the month of July 1904 and for the year that has elapsed since the new Philippine currency was first introduced into the Islands:

During the month of July exchange on New York was sold to the amount of \$81,419.87. The sum of \$157,014.91. United States money, was sold for double that amount of Philippine currency, and \$753,464.70, Philippine currency, was sold for \$376,732.35, United States money.

During the month 255,384.60 pesos of old local currency (Mexican and Spanish-Philippine) was purchased or received in payment for public dues, \$122,900.00 United States paper money, and \$1,000.00 United States gold coin, were exported.

Additional silver certificates to the amount of \$750,000.00 were issued, the total amount of certificates in circulation in July 31st, 1904, being \$6,750,000.00, silver pesos having been deposited for the redemption of the certificates, in accordance with law.

The amount of new Philippine currency in actual circulation increased \$1,424,828.00 during the month. Within the same period \$37,420.51 Mexican pesos were exported through ordinary commercial channels, and 1,102,000.00 Spanish-Philippine pesos were sent to San Francisco for re-coining, making the total amount of old currency (Mexican and Spanish-Philippine) sent out of the Islands during the month, 1,939,420.51 pesos, which indicates a very rapid elimination of the old currency.

The first new Philippine peso was placed in circulation July 23rd, 1903, so that the Islands have been undergoing a change of currency for practically one year. During that time over five million Mexican pesos have been shipped from the Islands commercially, and 8,788,000.00 pesos of Spanish-Philippine coin have been shipped to San Francisco by the Insular Treasurer for re-coining; on July 31st the Insular Treasurer had 1,095,000.00 pesos of old currency on hand awaiting shipment and which had been withdrawn from circulation. During the year the new Philippine currency in actual circulation has risen from nothing to nearly ten and one-half million pesos, aside from that held in the vaults of the Insular Treasury to the credit of disbursing officers or otherwise, also one-third of the amount held by the three Manila banks which are depositaries for funds of the Insular Government and the amounts held by the various provincial and municipal treasurers. The whole amount of new Philippine currency in the Islands on July 31st aggregated \$19,829,520.00. There is still a large amount of United States currency in circulation here. It may therefore be stated that the Islands are now upon a gold basis and that the great work of passing from a shifting and uncertain currency to one that is fixed and certain has been very largely accomplished. All this is a remarkable result to be gained within one year's time and makes it clear that the minor troubles that have come to the Islands through currency uncertainties are very soon to be no more elements operating against the prosperity of the Philippines.—*Manila Cable News.*

MINING IN GERMAN NEW GUINEA.

Among the passengers on board the G. M. S. *Prinz Waldemar*, which arrived at Brisbane, recently, from Singapore, via German New Guinea, was Mr. H. Rodatz, who joined the vessel at Herberstshole. Mr. Rodatz went to German New Guinea about seven years ago, and was in charge of the German New Guinea expedition known as Ramm and afterwards of a second known as Hougolt. These two expeditions were sent out to search for gold. The members of the first-named party travelled inland about 150 miles, and found gold at various places but not in sufficient quantities. On the second occasion, the country surrounding what is known as the San Francisco River was prospected. This party proceeded along the river and up the ranges to a height of over 8,000 ft., and it also prospected country near the Merkmah River, but gold was not found in payable quantities. The expedition, which was out for seven months, consisted of eight white men and 100 black boys, and was organised by the German New Guinea Company. Although this company is not prospecting at the present time, it holds a licence from the German Government, which practically prohibits others from prospecting for gold. Many dangers and difficulties were encountered by members of the Hougolt expedition in the bush. If the party made three miles headway in a day in some places, it was considered very good progress. Attacks from natives were experienced many times, but fortunately no lives were lost. The navigation of the Merkmah River was attended by great risk, as the stream was full of rapids, which forced the party on many occasions to make their way through the bush. Mr. Rodatz considered that there was gold to be found in pockets, but it was very difficult to get at it. Speaking on other matters, Mr. Rodatz said he afterwards settled down as a planter, and did pretty well, and he was now on his way to Europe. A large number of new German settlers and planters had arrived in German New Guinea within the last month or two, as well as a number of English and German capitalists, who intended going in for planting.

AN ENGLISH TOLSTOY.

The "Rev." R. C. Fillingham, an "anti-ritual" clergyman who some months ago caused a flutter in the ecclesiastical dovecotes in Yokohama, was recently preaching in a Primitive Methodist chapel at Kilburn, London. In the course of his sermon he exhorted parents to teach their young people that "they cannot commit a greater sin than to enlist in the army or the navy. Tell them that to enlist in the army is to enlist in the service of the devil. It is quite conceivable," he continued, "that in our own day and generation conscription will come. I am quite aware that the Commission's report has been received by the Press with almost general disfavour. But things march with such swiftness in England now, and things are so decadent, that I should not be surprised if it soon comes."

THE MERCHANT SKIPPER'S REJOINDER.

The *Penny Gazette* notices that Lord Charles Berosford, commanding the Channel Squadron, has been complaining that signals made by him from H.M.S. *Majestic* were not taken notice of by British merchant ships. He further says in true Lord Charles' style that "of course in time of war they could have been stopped." This is no doubt all very well from his point of view, but when naval officers make statements of this sort they should try to see the other point of view. In the first place, Lord Charles' bridge is not crowded with signals, but only a few, and it is not probable that any ship who has quite enough to do looking after his ship and seeing that he avoids collision; if used to be a sailing amongst ship's officers, "always avoid a man-of-war as far as possible." Another point which Lord Charles seems to have overlooked, is that very few merchantmen would trouble to look at a man-of-war's signals, as they are so often signalling, and it would not enter his head that they are endeavouring to signal him, even if the call attention signal was up.

LATEST STEAMER MOVEMENTS.

The M.M. steamer *Ernest Simons*, with the next French mail, left Saigon on Sunday, the 21st August, at 9 a.m., for this port.

The P. & O. steamer *Chusan* left Singapore on the 20th August for this port, with the outward English mails, and may be expected here about 6 a.m. on Thursday, the 25th August.

The I.G.M. steamer *Bayern* left Colombo on the 20th August, a.m., and may be expected here on Wednesday, the 31st August.

The I.G.M. steamer *Roon*, which left here on the 21st July at 4 p.m., arrived at Genoa on Friday at 5 a.m.

ROYAL AERATED WATERS MANUFACTORY.

PRODUCE the Highest Class AERATED WATERS in the Far East on account of their High Class Machinery and also of the superior ingredients they use in the manufacture of their goods, and the cleanliness, &c., are all under strict supervision of Europeans only.

HEROBY OF AN EXPERT.

The representative of Messrs. BRATBY and HINCHLIFFE, LIMITED, Aerated Water Engineers and Chemists, Manchester, visited our factory recently in the course of a tour amongst Eastern Aerated Water Makers, and was greatly surprised at the compactness of our factory and also the methodical way in which everything pertaining to the making of Aerated Waters was carried out. He also expressed himself strongly on the absolute cleanliness of our whole establishment, which he assured was equal to any he had yet visited and superior to a great many. He also reported that the quality of our goods was of a first-class nature, and they showed that scrupulous care was exercised in the course of their manufacture. Order Books and Price List. Hongkong, 21st March, 1903.

REMOVAL OF THE ARTIFICIAL OBSTRUCTIONS IN THE CANTON RIVER.

ON behalf of the Kwangtung Provincial Authorities, Offers in connection with the removal of the BARRIERS in the Canton River, as specified hereunder, are hereby invited by the undersigned.

1. To remove sunken stones to the following estimated amounts—
2,500 cubic yards to a maximum depth of 16 feet at Low Water Spring Tides (Custom's Datum).
3,000 cubic yards to a maximum depth of 12 feet.
1,000 cubic yards to a maximum depth of 8 feet.

The removed stones to be the property of the Contractor.

It is believed that the stones consist chiefly of granite and that they vary in size up to 5 cubic feet. The offer should be made in respect to granite and to "other stone," and as much as a cubic yard. The stone recovered will be measured in the boats, and the proportion of granite to other stones ascertained by a method to be mutually agreed upon.

The offer should state the minimum number of divers to be employed and the months during which the work will proceed.

2. To remove piles from the Cambridge (Chi) and Whampoa (Li Tak) Barrages the piles to be the property of the Contractor.

Offers for the removal of stones and piles, as above, are required at once.

3. To remove entirely the wooden Bridge (Sha Lo Ma) Barrage, including all anything piles which are visible above low water. The whole of the material lying on the bed of the river, and the proportion of granite to other stones ascertained by a method to be mutually agreed upon.

The offer should state the minimum number of divers to be employed and the months during which the work will proceed.

4. To remove a portion of the central section of the Iron (Sha Lo Tib) Barrage as follows—

The 24 single screw piles and connecting girders of triple screw piles, these piles to be entirely removed and with all chains, bolts, girders, plates and other gear belonging to the structure landed and stored on the adjacent shore at the Sha Lo Tib Jetty.

The speedy performance of this work is specially desirable, and the period within which the work is undertaken to be completed will be an important factor in accepting an offer.

Offers for the removal of the Iron and Bridge Barrages as above will be received until the 10th September. Prospective tenderers of offers are free to examine the barriers by divers, &c.

A satisfactory bond for the due performance of any work will be required.

Offers in reply to this advertisement, and correspondence on the subject, should be addressed to the Barrier Office, Custom House, Canton.

The right of accepting or rejecting any offer made hereunder is hereby expressly reserved.

H. DE LUCA,
Acting Commissioner of Customs.
Custom House,
Canton, 17th August, 1904. [2026]

A. S. WATSON & CO., LIMITED.

ISSUE OF 30,000 NEW SHARES OF \$10 EACH.

PURSUANT to Resolution the General Managers of A. S. Watson & Co., Limited, hereby invite applications from the Shareholders of the Company for the issue of 30,000 new shares of \$10 each at a Premium of 10 per cent, or \$11 a share.

Each Registered Shareholder on the 28th day of September, 1904, applying for the New Issue will be entitled to one share for every two shares registered in his name. Shares not applied for by those entitled to apply will be dealt with by the General Managers in accordance with Article 40 of the Company's Articles of Association.

Applications for Shares in the New Issue will be received by the Hongkong and Shanghai Banking Corporation in Hongkong from the 28th September, 1904, to the 30th September, 1904, both days inclusive, and the whole amount of \$11 per share will be payable on application.

The TRANSFER BOOKS of the Company will be CLOSED from the 28th September, 1904, to the 8th October, 1904, both days inclusive.

The present paid-up Capital of the Company is \$600,000, divided into 60,000 shares of \$10 each, and the New Issue is required to increase the Capital of the Company to \$900,000 divided into 90,000 shares of \$10 each.

The whole of the premium received from the New Issue will be placed to the Credit of the Permanent Reserve Fund.

The New Issue will rank for Dividend for the three months ending 31st December, 1904, payable in May, 1905.

Forms of application for the New Issue can be obtained at the Company's Offices in Alexandra Buildings or at the Hongkong and Shanghai Banking Corporation in Hongkong, Shanghai, and London.

POLICE PAY AND PRACTICES

From a home paper the *Straits Times* calls
the useful and entertaining information that
monkeys are used for detectives in Singapore,
the details of the fact being lucidly set forth in
this paragraph:—

A monkey brought a criminal to justice at
Singapore some time ago. A native with a
little boy, a bear, and a monkey travelled lately
through several villages in the Straits Settle-
ments, and made a good sum of money by his
animals' tricks. One day he was found with his
throat cut, the boy and the bear being murdered
close by, while the monkey had escaped up a
tree. The bodies, with the monkey, were being
taken to the police station when the monkey
suddenly rushed at a man in the crowd, seized
his leg, and would not let go. The man seemed
so alarmed and anxious to get away that the
police became suspicious, and searched him,
with the result of finding part of the money
belonging to the murdered native. The balance
was discovered at his house.

The *Straits Times* commends this paragraph
to the consideration of the Chief Police Officer
of the Colony, and points out that if more
monkeys can be trained somewhat on the same
lines as the intelligent animal above described
they will be invaluable to the department.
Their great advantage would lie in the fact
that they could probably subvert upon the way
now allowed by Government to police con-
stable, and would probably therefore not be
driven to commit blackmail for purposes of
self-support, as the human *nata-matas* of the
Colony are now (it says) compelled to do.

HEAT WAVE AT HOME.

Abnormally hot weather at Home is produc-
ing a crop of deaths. Three inquests were
held in London on persons who had succumbed
to the effects of the heat, two deaths were
reported in Lancashire, and there were pre-
viously no fewer than fourteen deaths attributed
to the same cause, besides sunstrokes, in the
same county. In Paris, the heat is intolerable.
The thermometer having registered 86 degrees
Fahrenheit for nine days in succession—a record.
The navigation of the Rhine is seriously
threatened by the drought, while that of the
Elbe and the Moselle is suffering in the same
way. A fire has been raging for three days in
the Ardennes forest, doubtless in consequence
of the lack of rain. In many of the English
country districts crops are suffering seriously
and farmers are in despair. This time last
year no one was happy except the umbrella-
makers, and now a man would as soon take his
walk abroad in the streets of London with a
gun as with a pump.

The *Daily Mail* on the 18th ultimo said:
Although it has been extremely warm through-
out Germany, the thermometer touching 90
deg. at Berlin, few serious accidents are
reported. At Heidelberg 113 deg. were regis-
tered on Saturday, and there were several cases
of sunstroke.

SHARE REPORT.

Messrs. Erich Georg & Co. in their Weekly
Share List, dated Hongkong, 20th August,
state: We have to report upon another active
week, which, however, has brought us a good
many surprises about the way stocks rose and
fell. The sterling demand on London closes at
1s. 9 13-16d., while the rates on Shanghai are
Tls. 7 1/2 for a T/T, and Tls. 7 1/4 for a three
days' sight private draft. Barlevier in London
is quoted at 26 11-16d. and Consols 68 1/2.

BANK SHARES.—Hongkong and Shanghai
sold at 50 1/2, closing firm; that figure, the
London quotation is 67 1/8. Old National
are unchanged.

MARINE INSURANCE SHARES.—Unions sold
at 54 1/2 to 54 3/4, and are wanted now at 54 1/2.
Cantons sold and have buyers at 52 1/2. Other
stocks under this heading unchanged.

SHIPPING SHARES.—Hongkong, Canton and
Macao Steamboat Shares sold at 52 1/2, and 52 1/2
ex the dividend of 5 1/2 per share paid on 17th
inst., and are in good demand at 52 1/2, without
finding sellers at that figure. Indos have been
sold at very irregular rates, both for cash and
on time; for cash the rate dropped to 5 1/2, but
at 5 1/2 has been paid since, at which rate the
market closes steady. The northern port has
been buying from us both cash and on time, but
the demand is a little shaker just now from that
quarter, locally 5 1/8 is obtainable for 31st
December. The Shanghai rate is Tls. 82 quiet,
and the London rate is 4 1/2. China and Manilla
sold and have buyers at 52 1/2. Douglases have
been done at 5 1/2. Star Ferries are unchanged.
Shell Transport have buyers at 24 1/4. London
quoting 23 1/4.

REFINERIES.—China Sugars have improved
gradually, with sales up to 5 1/8 cash, and
equivalent rates on time, the closing rate being
5 1/8 buyers for cash. Lonzons unchanged and
utterly neglected.

MINING SHARES.—At the extraordinary gen-
eral meeting of the shareholders in the Puijunt
Mining Company, Limited, held on 15th inst., the
resolutions confirming the voluntary liquidation
were passed, and we have now removed this
stock from our list. Charbonnages unchanged.

Rails sold at 57 and 58 1/2, and have buyers at
58 1/2; towards the end of July violent storms
occurred at Kanis causing falls of earth and
trees which did considerable damage to the
flume at Sempen. The repairs have covered a
period of over two weeks and necessitated a
stoppage of milling operations during that
period. Consequent upon this the usual
periodical clean up which was due on Saturday
last (for four weeks ending 13th August) did
not take place, the actual crushing done during
these four weeks being carried into the next
weekly period. The time of the enforced
stoppage of milling operations has been
utilised in carrying out the changes in
the hoisting gear at Bukit Komau, re-
cessitated by the substitution of electric
for steam power, and the adoption of

quest.

ships instead of trucks and cages. These
changes would have involved the idleness of the
mill for 10 or 12 days in any event sooner or
later. The increased facilities for hauling,
attended by the much diminished cost, will
amply repay for the stoppage incurred.

DOCKS, WHARVES, AND GODOWNS.—Hong-
kong and Whampoa Dock Company's shares
sold at rising rates, the market closing with
bush buyers at 52 1/2. Hongkong and Kowloon
Wharf and Godown Company's shares sold at
irregular rates, ranging between 51 1/2 to 51 7/8,
and closing steady at 51 1/2; an extraordinary
general meeting of shareholders will be held on
31st instant, for the purpose of passing the
following resolutions: (1) That the capital of
the Company be increased from \$1,500,000 to
\$2,000,000 by the creation of 10,000 new shares
of \$50 each. (2) That such new shares be issued
at a premium of \$30 per share and be offered to
those persons who are registered as shareholders
of the Company on 1st October 1904, in the
proportion of one new share for every complete
three shares held by them on 1st October 1904.

(3) That the amount due for the new shares be
called up on 31st December 1904. New Amoy
Docks are steady at 52 1/2. Farnham had a set
back, receding to Tls. 170 cash, and Tls. 175 for
31st December. Shanghai and Hongkong Wharves
advanced in the north to Tls. 180 cash, and we
bear of sales at Tls. 165 in the north for 31st
December; the closing cash rate is Tls. 157 1/2
sellers. The interim dividend of Tls. 4 per
share, as mentioned in our last circular, will be
payable on 23rd instant, transfer books being
closed until that date.

LANDS, HOTELS, AND BUILDINGS.—Hong-
kong Land Investment and Agency Company's
shares sold at 51 1/2, at which rate shares are on
offer. Kowloon Lands are wanted at 53 1/2. West
Point sold up to 52 1/2, closing with sellers at 56 1/2.
Hongkong Hotels sold at 51 1/2 to 51 3/4, closing
with buyers at 51 1/2; the ordinary half-yearly
meeting of shareholders will be held on 27th
instant. Transfer books closing from 21st to 27th
instant. Humphreys' Estate and Finance
Company's shares sold at 51 1/2 for old shares, but
there are further sellers at that rate, while new
issue shares can be placed at 54 1/2. The latest
quotation from Shanghai for Shanghai Lands is
Tls. 112.

COTTON MILLS.—Unchanged, without trans-
actions.

MISCELLANEOUS.—Green Island Cement
sold and have buyers at 52 1/2. China Borneo
fetched 51 1/2. A. S. Watson & Co. Company's sold
at 51 1/2, and are quiet with sellers at 51 1/2. And
Electric sold and have sellers at 51 1/2; the
new ones have buyers at 51 1/2. Gas shares
have buyers at 51 1/2. Ice Company's shares
have advanced to 52 1/2 buyers. Steam
Waterboats have been fixed at 51 1/2. Dairy
Farms are in demand at 52 1/2. Telmarts
can be placed at 51. China Providents
have been done and are obtainable at 51.
Watkins are in request at 50. Powells sold and
are required after at 51 1/2. Lanckats are quoted
in Shanghai Tls. 310 buyers; the 3rd quarterly
dividend of Tls. 10 per share (making so far
Tls. 30 for year ending 31st October 1904) is
payable on 15th proximo.

NOTICES TO CONSIGNEES

NORDDEUTSCHER LLOYD, BREMEN.
IMPERIAL GERMAN MAIL LINE.

NOTICE TO CONSIGNEES.

THE Steamship

"GNEISENAU,"
OF THE NORDDEUTSCHER LLOYD,
having arrived, Consignees of Cargo are hereby
informed that their Goods, with the exception
of Opium, Treasure and Valuables, are being
landed and stored at their risk in the Godowns
of the Hongkong and Kowloon Wharf and
Godown Company, Limited, Kowloon, whence
delivery may be obtained.

Optional Cargo will be forwarded unless
notice to the contrary is given before 5 P.M.,
To-day, the 18th inst.

No Claims will be admitted after the Goods
have left the Godowns, and all Goods remaining
undelivered, after the 23rd instant, will be
subject to rent.
All broken, chafed, and damaged Goods are to
be left in the Godowns, where they will be
examined on Tuesday, the 23rd August, at
9.30 A.M.

All Claims must reach us before the 29th of
August, or they will not be recognised.
No Fire Insurance will be effected.
Bills of Lading will be countersigned by the
undersigned.

NORDDEUTSCHER LLOYD,
MELCHERS & CO.,
Agents.
Hongkong, 16th August, 1904. [5]

OCEAN STEAMSHIP COMPANY,
LIMITED,
AND
CHINA MUTUAL STEAM NAVI-
GATION COMPANY, LIMITED.

CONSIGNEES per Company's Steamer
"IDOMENEUS,"
are hereby notified that the Cargo is being
discharged into Craft, and/or landed at the
Godowns of the Hongkong and Kowloon
Wharf and Godown Co., Ltd., where in both
cases it will be at Consignees' risk. The Cargo
will be ready for delivery from Craft or Godown
on and after the 20th inst.

Optional cargo will be landed, unless notice
has been given prior to steamer's arrival.
All broken, chafed, and damaged Goods are to
be left in the Godowns, where they will be
examined at 11 A.M., on the 25th inst.

No Claims will be admitted after the Goods
have left the steamer's Godown, and all Goods
remaining undelivered after the 25th inst., will
be subject to rent.

All Claims against the Steamer must be pre-
sented to the Undersigned on or before the
28th inst., or they will not be recognised.
No Fire Insurance has been effected.

A TRUE BLOOD PURIFIER

CLEANSE YOUR BLOOD
WITH GRIMAULT & CO'S
SARSAPARILLA!

For eruptions, scurf, boils, ulcers,
sores, carbuncles, pimples, blotches,
and all disorders originating in vitia-
ted blood, this medicine is the most
reliable and most economical and
contains no mercury or dangerous
minerals. No other blood-purifier gives
equal satisfaction or is so universally
in demand.

van
Houten's
Cocoa

The most nourishing, digestible
and delicious of all Cocoas.

BEST & GOES
FARTHEST.

The Young American Cigars.

Connoisseurs' opinions of these Cigars:
They are delicious! soothing! unequalled in quality, flavour,
and price. Ask your tobacconist for them and do not be
put off with any other.

Health Exhibition, London.

"Benger's Food has, by its
excellence, established
a reputation of its
own."

From an Eminent
Surgeon:
"After a lengthened
experience of Foods,
both at home and
in India, I consider
Benger's Food in-
comparably superior
to any I have ever
prescribed."

Delicious, Nutritive, Digestible.
Benger's Food is sold in TINS by Chemists, &c., everywhere.
